Dear Messrs. Sherwood & Stanley:

DELAY OF THE 200-ZP-2 INTERIM REMEDIAL MEASURE PROPOSED PLAN

As a result of discussions between the U.S. Department of Energy, Richland Operations Office (RL), and the U.S. Environmental Protection Agency (EPA), RL, at this time, will not proceed with development and implementation of the 200-ZP-2 Interim Remedial Measure Proposed Plan. RL will continue to operate the three vapor extraction systems under the Expedited Response Action.

At this time a Fiscal Year Work Plan Change Request/Authorization is being prepared for signature by RL, the EPA, and the State of Washington Department of Ecology.

If you have any questions, please contact Ms. Jennifer Young on (509) 376-7044.

Sincerely,

Julie K. Erickson, Acting Director
Plateau Remediation Division
